

PUT PREVENTION INTO PRACTICE

Dear Parent:

It is as important for your child to get preventive care as it is to get treatment when he or she is sick. We want to make sure your child gets the tests, immunizations, and guidance needed to stay healthy. Our records indicate that, based on age, your child needs the types of preventive care indicated below.

- Please:
- ☐ Call us to make an appointment
 - ☐ Keep your appointment on _____

Thank You.
